

25 July 1985

MEMORANDUM FOR: Deputy Director for Intelligence

FROM: Director of Central Intelligence

SUBJECT:

Senator John Glenn called today with an earnest plea to have  of OIA extended for another year to work for him on strategic matters and arms control.  apparently has been with him since November. Glenn argues this has been valuable for Glenn and for  and the experience will make  a better analyst for CIA. I told Senator Glenn I would look into it and get back to him.
